

States that have passed or introduced seed preemption bills and states that have passed farmer protection laws

To view information on a state's preemption laws roll over the state's abbreviation on the map.

Green states

No preemption

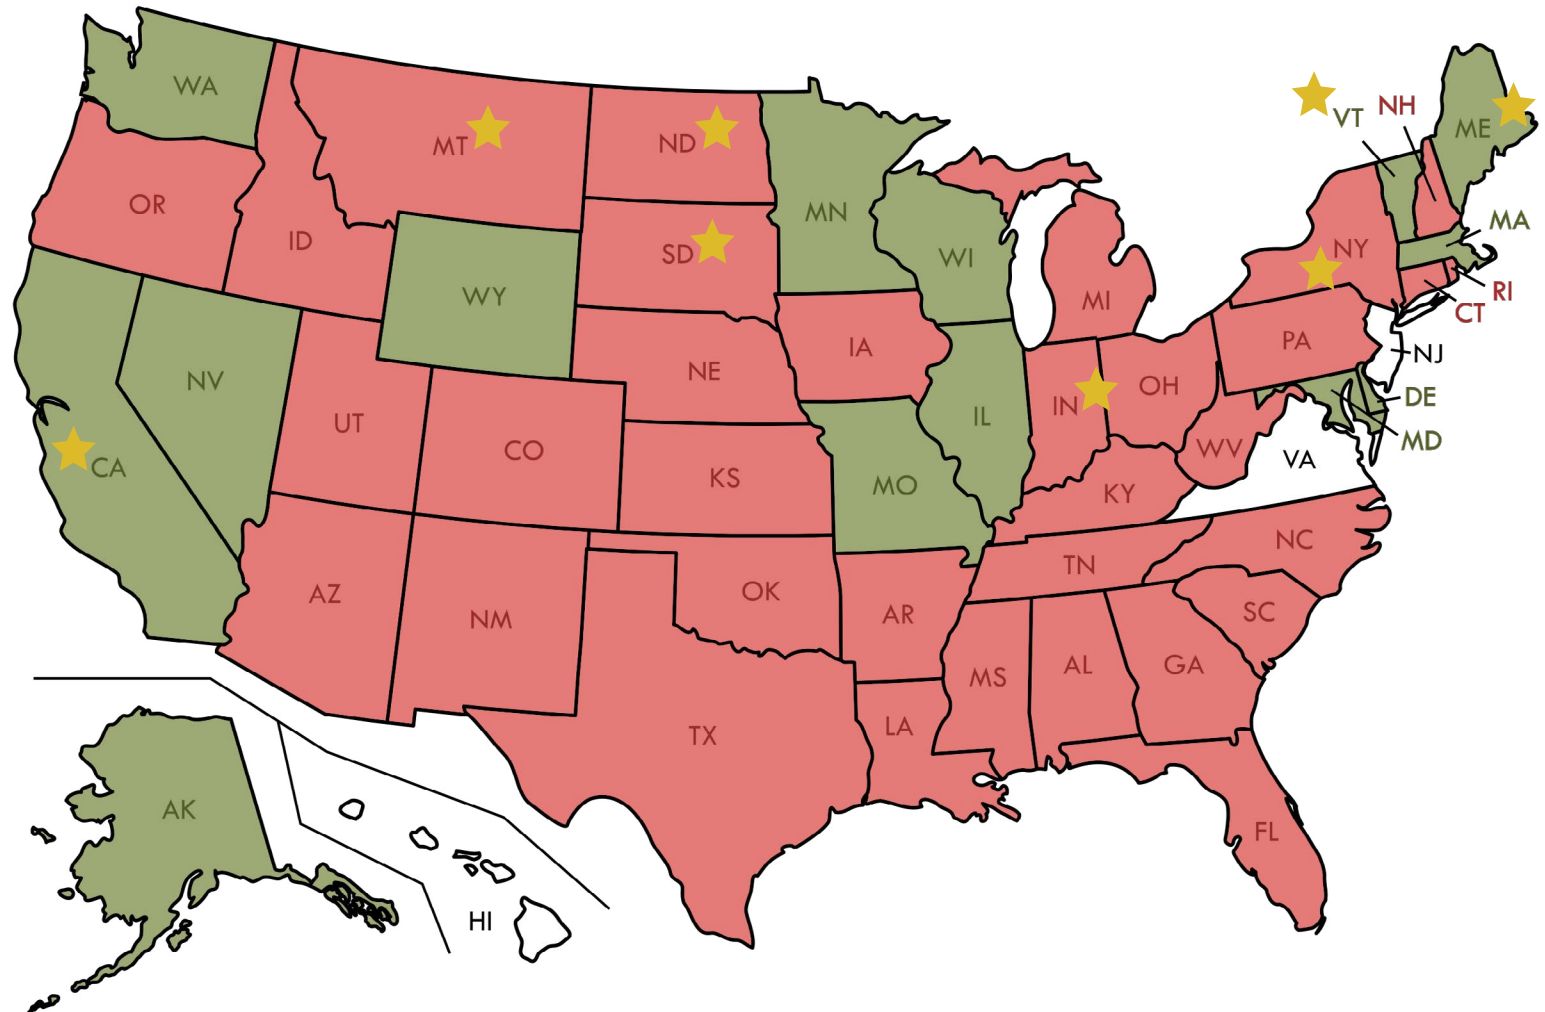

Red states

Explicit preemption

White states

No definitive preemption or no current information

★ - Farmer protection laws

This interactive map was first published in 2021 as part of the publication, A Seed Policy Roadmap for the Pacific Northwest, which can be found at <https://seedalliance.org/all-publications/>.
